(d) *Additional information.* The Director may request any information in addition to that supplied in the completed Notice if, as a result of public comment or otherwise in the course of considering the Notice, the Director believes that the information is necessary for his or her decision. The Director may disapprove a new product if he or she does not receive the information requested from the Enterprise in sufficient time to permit adequate evaluation of the information within the time periods set forth in paragraph (c) of this section.

### § 1253.5 Confidential information.

(a) *Information presumed public.* FHFA will treat all information an Enterprise submits in a Notice as public information, except as provided in paragraphs (b) through (d) of this section. FHFA will also treat information provided by a commenter, in response to a notice requesting comment on an Enterprise new product, as public information, except as provided in paragraphs (b) through (d) of this section.

(b) *Confidential treatment request.* An Enterprise or commenter may designate specific information as confidential and request that it not be made publicly available. For any information that an Enterprise or commenter seeks confidential treatment, the Enterprise or commenter is required to submit a complete copy of the Notice or comment, with a specific request for confidential treatment. Simultaneously, the Enterprise or commenter is required to submit a copy of the Notice or comment containing only those portions for which no request for confidential treatment is made, and from which those portions for which confidential treatment is requested have been redacted. The Enterprise or commenter must specify the bases for designated information not being made public as set forth in paragraph (c) of this section.

(c) *Required information.* The Enterprise or commenter is required to provide the following information in support of its request for confidential treatment of the designated information—

(3) Explanation of the relevance and necessity of the information to whether the Notice should be approved or denied;

(4) Explanation of how disclosure of the information would result in substantial harm to the competitive position of the Enterprise or commenter;

(5) Explanation of whether the information is available to the public and the extent of any previous disclosure to third parties;

(6) Justification of the time period during which the Enterprise or commenter asserts that the material should not be available for public disclosure; and

(7) Any other information that the Enterprise or commenter seeking confidential treatment believes may be useful in assessing whether its request for confidentiality should be granted.

(d) *FHFA determination.* FHFA will determine whether the designated information may be withheld from public disclosure and will notify the Enterprise or commenter of the determination. In the event that FHFA determines the information may not be withheld from public disclosure, the Enterprise or commenter may withdraw the information or consent to public disclosure. Requests for confidential treatment that do not comply with paragraphs (b) and (c) of this section will not be considered.
